WORK EXPERIENCE

Instructional & UX Designer

July 2023 – Present

- Contributed to over 100+ modules, delivering high-quality e-learning modules and LMS content.
- Collaborated with international clients that varied between different fields such as Luxury Brands, Tour Agencies, Military Defense and many more to create custom-designed learning modules that highlighted their unique branding and philosophies.
- Maintained consistent on-time delivery of projects, meeting tight deadlines. Efficiently took over and completed ongoing projects, ensuring seamless transitions and quality output.
- Assigned to be lead project designer and developer in multiple high-stakes projects in instances where there were a lack of Senior designer man-power.

Freelance Illustrator

2021 – 2022

- Created high-quality character illustrations and redesigns using Adobe Photoshop while pursuing an undergraduate degree. Collaborated with clients to refine and enhance existing character concepts and producing polished, visually compelling artwork that aligned with their creative vision and project requirements.
